Carbide gauge pins

Carbide gauge pins are ideal for a nondestructive measuring of the bore diameter along its entire length. Schläfli carbide gauge pins are available in different types. Single gauge pins as well as complete sets in a wooden box can be purchased.

Execution

- without holder
- with holder and 1 diameter size
- with holder and 2 diameter sizes

Available lengths

- 40 mm
- 70 mm
- 150 mm
- other lengths on demand

Available diameters

0.05 – 2.00 mm

Gradation

0.001 mm

Tolerance

+/- 0.0005 mm
